Project Overview		Project Scope		Project Phases		Project Resources		Project Timeline		Project Budget	
Phase	Description	Scope Item	Scope Description	Phase A	Phase B	Resource Type	Resource Count	Start Date	End Date	Budget Type	Budget Value
Planning	Define project scope and objectives.	System Requirements	Detailed requirements for the system.	Planning Phase	Planning Phase	Team Lead	1	2023-01-01	2023-01-15	Fixed Price	\$10,000
Design	Create system architecture and design.	System Architecture	High-level design of the system components.	Design Phase	Design Phase	Architect	1	2023-02-01	2023-02-15	Fixed Price	\$15,000
Development	Implement system features and functionality.	Core Features	Implementation of core system features.	Development Phase	Development Phase	Developers	5	2023-03-01	2023-04-15	Hourly Rate	\$200/hour
Testing	Perform quality assurance and testing.	Unit Testing	Unit testing of individual system components.	Testing Phase	Testing Phase	Testers	3	2023-05-01	2023-05-31	Hourly Rate	\$150/hour
Deployment	Deploy the system to production environment.	Production Environment	Deployment to the live production environment.	Deployment Phase	Deployment Phase	Deployment Lead	1	2023-06-01	2023-06-15	Fixed Price	\$5,000
Support	Provide post-launch support and maintenance.	Support Tickets	Management of support tickets and user inquiries.	Support Phase	Support Phase	Support Team	2	2023-07-01	Ongoing	Hourly Rate	\$100/hour

Classe	Assunto	Resumo	Referência	Período de realização	Período de validade	Assinatura
SE	H1	11	11	00	00	00

Организация и проведение турниров по морской охоте "Дни охоты, любви и красоты", "Фестиваль морской охоты", "Морской фестиваль", "Морской фестиваль в Крыму".

2. Критерии определения границ	Функциональные зоны
1. Границы функциональных зон определяются в зависимости от функций, выполняемых в зоне, и от величины зоны.	Функциональные зоны

### 3.1. Система и функции для поиска и отбора, определение места работы

Yield (g/g)	Reaction time (min)	Reaction temperature (°C)	Reaction pressure (atm)	Reaction medium	Reaction conditions
85	120	100	10	Acetone	Without catalyst
90	150	100	10	Acetone	With catalyst
88	140	100	10	Acetone	Without catalyst
92	160	100	10	Acetone	With catalyst

Geometrische Form	Winkelmaß (Grad)	Winkelmaß (Grad)	Winkelmaß (Grad)	Winkelmaß (Grad)
Rechteck	90°	90°	90°	90°
Quadrat	90°	90°	90°	90°
Rechteck	90°	90°	90°	90°
Quadrat	90°	90°	90°	90°

Yardley, Philadelphia, Pennsylvania, U.S.A. (1900)

Д.А. ЧЕРНОВИЧ. О ПРЕДСТАВЛЕНИЯХ ПОДРОСТОКОВ О СВОИХ ПОДОБИЯХ

1. Наименование района	Бахчисарайский район для санитарного ограждения города для приграничной зоны (БАСИЧ)
2. Категория выработанной работы	Санитарная обработка при посещении гражданской территории (БАСИЧ)
Форма заявления	Заявление о предоставлении санитарной обработки гражданской территории
